## **City Council Approves Multiple Design Contracts**

**Clearlake, CA – March 27<sup>th</sup>, 2018**

At a Special City Council meeting on March 27<sup>th</sup>, the City Council approved several road rehabilitation design contracts, a design contract for frontage improvements and off-street parking improvements for Highlands Park, and a design contract for Austin Park.

The road projects include pavement rehabilitation of Country Club and Kings Lane between Lakeshore Drive and Arrowhead; pavement rehabilitation of Pine Street between Olympic Drive and Division Avenue; and the pavement rehabilitation of Harbor Lane and Highlands Harbor Drive. All of these projects are Measure V projects and construction is anticipated to begin this year. According to Mayor Bruno Sabatier, "These road projects are directly related to the trusted votes we received for Measure V and this is only the beginning."

"Approving these design contracts is a critical step forward to improving our city," stated City Manager Greg Folsom. "Once the construction drawings are complete, we can put these projects out to bid and start making the improvements that our residents have been asking for. It's going to be a very exciting construction season this year."
